

The Massachusetts Title V Maternal and Child Health Services Block Grant Program is located within the Bureau of Family and Community Health (BFCH), Center for Community Health (CCH), Massachusetts Department of Public Health. The Title V program is located in the same Bureau as WIC, Early Intervention (Part H., IDEA), school health programs, adult special needs programs, oral health, primary care cooperative agreement, violence prevention programs, major portions of the Preventive Health and Health Services Block Grant, and a number of chronic disease prevention and health promotion programs. The Bureau is committed to protecting and improving the health status, functional status and quality of life of Massachusetts residents across the life span, with special focus on at-risk populations, low-income groups, and cultural and linguistic minorities. To this end, the Bureau focuses its efforts and resources on health promotion, systems building, quality improvement, and assurance of access to preventive, primary and specialized health services.

MATERNAL & CHILD HEALTH (MCH) MEASURES

Title V - MCH National Performance Measures	State 2004 Results	State 2009 Goal
The percent of newborns who are screened and confirmed with condition(s) mandated by their State-sponsored newborn screening programs (e.g. phenylketonuria and hemoglobinopathies) who receive appropriate follow up as defined by their State.	100.0%	100%
The percent of children with special health care needs age 0 to 18 who receive coordinated, ongoing, comprehensive care within a medical home. (CSHCN Survey)	61%	65%
Percent of children with special health care needs age 0 to 18 whose families report the community-based service systems are organized so they can use them easily. (CSHCN Survey)	79%	81%
